

Aalok Mehta

Dear Friends, Knowledge gives power to human beings to know how to control the forces of nature and use them for getting benefits. Educated people can easily handle the things in life. Knowledge is the strongest tool providing power to the people and knowledge cannot be defeated by any other power on earth. We can also say that knowledge gives power to a person who fights for his rights and compete with the world. Getting knowledge is the important part of our life. Through knowledge, we are able to differentiate between right and wrong, good or bad. Knowledge helps us in our future planning and steers us to the right path. It also helps us to overcome our weaknesses and faults as well as to face difficulties in life with confidence and to control them as soon as possible. Knowledge makes a person more powerful by giving him mental and moral advancement in life. Knowledge has created a difference.....
